Subject: RE: ACP dates

The ACP requires a number of state permits, and I will go through Mary Penny's emails tomorrow and talk with the permitting people to identify the dates by which the state (e.g., DEQ) must make decisions on those permits. A key date is the early November timeframe mentioned in my ACP memo for DEQ to decide on the water quality certification for the ACP.

In addition, I'll double check on the status of federal approvals, which I believe the ACP has cleared.

Subject: ACP dates

Just making sure you saw my text from this morning: I appreciate Mary Penny's email with the ACP info but really don't understand which dates have implications for the state. Can you clarify when you're back today? Email is fine. Tks.
